PROFILE

Program management and AI transformation leader with 12+ years delivering technology across Pakistan, the GCC and the US. Has taken AI from pilot to rollout in education and presented clinical AI to hospitals, delivered customer-facing digital services on platforms used by millions, and delivered systems in regulated, compliance-heavy environments where accuracy and data security are non-negotiable. Comfortable across multi-country delivery, vendor and system integrations, and senior stakeholders in both the private sector and government.

KEY HIGHLIGHTS

- Clinical AI: hospital presentations and demos of a decision-support product
- Digital services on platforms used by millions (Zameen.com, OLX)
- Vendor and system integrations under SLAs; zero critical vulnerabilities before UAT
- AI in education: federal pilot with a measured 35.6% gain; NAVTTC course
- Regulated, compliance-heavy delivery: SBP, HBL, UBL, Allied Bank
- Managed a $2M+ portfolio; teams of up to 75

CORE SKILLS

Program Management	Multi-project portfolios, planning and scheduling, RAID, change control, KPI tracking, executive reporting
AI Transformation	Use-case discovery, pilots, rollout and adoption; AI-assisted documentation and decision support
Digital Systems	Customer-facing platforms, system integrations, data and reporting (Power BI, SQL working knowledge), UAT and go-live
Governance & Compliance	Regulated-sector delivery, data security in vendor delivery, SOWs and SLAs, structured documentation
Leadership	Teams of up to 75, hiring, cross-functional and multi-site coordination, senior and government stakeholders
Tools	Jira, Confluence, Azure DevOps, MS Project, Power BI, Smartsheet, ClickUp; Claude, ChatGPT, Gemini, Cursor

PROFESSIONAL EXPERIENCE

Senior Talent Consultant – Scrum Master (Part-time Contract) · Andela — Sep 2026 – Present

- Evaluate Scrum Master candidates for Andela's global talent network using a standardised interview framework and scorecards; write Scouting Reports that decide client-placement readiness.

Head of Delivery & Operations (VP, Agentic AI Operations) · MindHYVE.ai (US-based agentic AI company) — Jan 2025 – Present

Promoted: Technical Project Manager (Jan–May 2025) → Head of Delivery & Operations (May 2025–Present)

- Led AI transformation and delivery for a US-based agentic AI company in Pakistan: discovery workshops, requirements, pilots and rollout with enterprise and public-sector clients.
- Took ChironAI, a clinical decision-support product, to hospitals in Peshawar: presentations, product walkthroughs and live demos for hospital teams.
- Drafted the LOU signed with the Federal Directorate of Education and ran a two-school pilot; the Pakistan Institute of Education measured a 35.6% gain in history scores.
- Launched an AI-literacy course published by NAVTTC (first cohort of 50) and set up pilots with universities, starting with Kohat University of Science & Technology.
- Built partnerships in Kenya, including an MoU with the Open University of Kenya (January 2026); engaged MoITT, MoFEPT and SIFC in Pakistan.
- Ran the Pakistan operation end to end: client onboarding, hiring, vendor management with SLAs and executive reporting; used Claude, ChatGPT, Gemini and Cursor daily.

Scrum Master (Contract via Andela) · Wolters Kluwer — Feb 2025 – Apr 2025

- Transitioned two teams in the disaster recovery group from Waterfall to Agile/Scrum within three months, setting up sprint planning, stand-ups, reviews and retrospectives.

Project Manager & Scrum Master · Arbisoft — Mar 2023 – Jan 2025

- Led project management, product and client communication for an events-management client's end-to-end CRM: a ~1.5-year build with developers, QA and DevOps.
- Delivered a custom bilingual (Arabic/English) EdTech platform for the Saudi Data & AI Authority (SDAIA) on the Edly platform and Oracle, with RTL/LTR support and digital credentialing.
- Managed a staff-augmentation team for a Texas insurer's disaster-recovery (power-outage) insurance system, alongside a team in Spain and US leadership.

IT Consultant & Project Manager (Freelance Subcontractor) · XCell Consulting — Dec 2022 – Dec 2023

- Cisco (via XCell): Scrum Master for the Salesforce development team; daily scrums, PI and quarterly planning, RAID logs and reporting.
- K. Hovnanian Homes (via XCell): SharePoint intranet migration with a UK vendor; requirements, site design, data clean-up, QA and department sign-off.
- Paramount Network (via XCell): migration of the ARC media asset records system; Scrum teams and PI Planning.

Project Manager · Dubizzle Labs / EMPG — Jun 2021 – Dec 2022

- Led ~70–75 direct and indirect reports across mobile, full-stack, DevOps, QA, product and UI/UX on platforms serving millions (Zameen.com, OLX).
- Managed a multi-tenant, multi-region CRM for Bayut UAE, Bayut KSA, OLX Pakistan, OLX Lebanon and Zameen.com; took over the Zameen.com revamp and full team.
- Primary point of contact for group companies across MENA and South Asia; weekly and monthly stakeholder reporting.

Project Manager · Love For Data — Oct 2019 – May 2021

- Built an SBP-regulated PEP and RCA screening product (KYC) from scratch on a secured local dataset and World-Check; led a team of ~30, including a 20–25-person data team.
- Deployed at State Bank of Pakistan, HBL Pakistan (built into account opening), HBL UAE (on-site bulk screening of existing accounts in Dubai), UBL and Allied Bank.

Project Manager · AN10 — Jan 2019 – Sep 2019

- Among the first hires at a new Karachi office: set up the team and wrote the charter and project documentation from scratch.
- Delivered an IoT fleet-tracking application on Orion, the parent company's middleware, to MVP in 9 months.

Associate Consultant (promoted from Implementation Consultant) · Centegy Technologies — Jun 2015 – Jul 2018

- Implemented Unilever's sales and distribution system (order-to-cash, mobile, SAP integration): helped onboard 7 more countries in Africa, incl. on-site in Kenya and Ethiopia; ran 5 country rollouts from gap analysis and UAT to go-live.
- Lead for support in Sri Lanka, Myanmar and Brunei; delivered changes for Unilever Indonesia and Malaysia; integrated new clients Shell Pakistan and GSK Pakistan.

EARLIER EXPERIENCE

Business Manager (Family Business) · Point B Consulting · Aug–Oct 2018: capacity building with a National Incubation Center for expected 5× e-commerce and logistics growth. | **Management Trainee, IT** · OBS Pakistan / Asphin Pharma · Nov 2014 – Jun 2015: organisation-wide JD Edwards (AS/400) rollout and user training.
