JAHANZEB AHMED

Head of Delivery & Operations · Transformation & PMO Leadership · AI-Enabled Operations

Islamabad, Pakistan · Open to remote roles and relocation | jahanzebjamilpk@live.com
linkedin.com/in/jahanzeb-ahmed-8a35a94b | jahanzebahmedja.github.io

PROFILE

Operations and delivery leader with 12+ years running technology programmes, PMO functions and regional operations across the GCC, MENA, Africa, South-East Asia and Pakistan. Most recently led delivery and operations for a US-based agentic AI company's Pakistan business, end to end. Strong in turning strategy into owned, measurable execution, holding vendors to contract, and giving executives an honest view of progress and risk.

KEY HIGHLIGHTS

- Ran a regional business end to end: clients, hiring, support, delivery
- Managed a delivery portfolio of $2M+
- Authored or co-authored 100+ Statements of Work
- Multi-country rollouts across Africa and Asia
- Teams of up to 75 on platforms serving millions of users
- Regulated sector: compliance products for SBP, HBL, UBL, Allied Bank

CORE SKILLS

Operations	Operating-model and process design, regional operations, hiring and team build-out, client onboarding, support
Transformation & PMO	Portfolio governance, roadmaps, business cadence, change and adoption, benefits and KPI tracking
Commercial	SOWs and SLAs, vendor governance, budgeting and cost management, executive reporting
AI-Enabled Operations	Daily use of Claude, ChatGPT, Gemini and Cursor for documentation, risk and decision support
Tools	Jira, Confluence, Azure DevOps, ClickUp, MS Project, Smartsheet, Power BI, HubSpot, Miro

PROFESSIONAL EXPERIENCE

Senior Talent Consultant – Scrum Master (Part-time Contract) · Andela — Sep 2026 – Present

- Evaluate Scrum Master candidates for Andela's global talent network using a standardised interview framework and scorecards; write Scouting Reports that decide client-placement readiness.

Head of Delivery & Operations (VP, Agentic AI Operations) · MindHYVE.ai (US-based agentic AI company) — Jan 2025 – Present

Promoted: Technical Project Manager (Jan–May 2025) → Head of Delivery & Operations (May 2025–Present)

- Ran Pakistan operations end-to-end: client onboarding, stakeholder management, support, hiring and day-to-day delivery.
- Led public-sector AI delivery: drafted the LOU signed with the Federal Directorate of Education, ran a two-school pilot (the Pakistan Institute of Education measured a 35.6% gain in history scores) and launched an AI-literacy course published by NAVTTC.
- Set up delivery structure across engineering, marketing, business development and finance: owners, cadences and executive reporting on progress and risk.
- Co-authored SOWs with defined SLAs; managed the vendor pipeline and enforced contract terms.
- Led discovery workshops with enterprise and public-sector clients; documented as-is/to-be processes for AI deployments.
- Used AI tools daily (Claude, ChatGPT, Gemini, Cursor) to turn stakeholder calls into BRDs, risk assessments and minutes within 24 hours.

Scrum Master (Contract via Andela) · Wolters Kluwer — Feb 2025 – Apr 2025

- Transitioned two teams in the disaster recovery group from Waterfall to Agile/Scrum within three months, setting up sprint planning, stand-ups, reviews and retrospectives.

Project Manager & Scrum Master · Arbisoft — Mar 2023 – Jan 2025

- Led project management, product and client communication for an events-management client's end-to-end CRM: a ~1.5-year build with developers, QA and DevOps.
- Delivered a custom bilingual (Arabic/English) EdTech platform for the Saudi Data & AI Authority (SDAIA) on the Edly platform and Oracle, with RTL/LTR support and digital credentialing.
- Managed a staff-augmentation team for a Texas insurer's disaster-recovery (power-outage) insurance system, alongside a team in Spain and US leadership.

IT Consultant & Project Manager (Freelance Subcontractor) · XCell Consulting — Dec 2022 – Dec 2023

- Cisco (via XCell): Scrum Master for the Salesforce development team; daily scrums, PI and quarterly planning, RAID logs and reporting.
- K. Hovnanian Homes (via XCell): SharePoint intranet migration with a UK vendor; requirements, site design, data clean-up, QA and department sign-off.
- Paramount Network (via XCell): migration of the ARC media asset records system; Scrum teams and PI Planning.

Project Manager · Dubizzle Labs / EMPG — Jun 2021 – Dec 2022

- Led ~70–75 direct and indirect reports across mobile, full-stack, DevOps, QA, product and UI/UX on platforms serving millions (Zameen.com, OLX).
- Managed a multi-tenant, multi-region CRM for Bayut UAE, Bayut KSA, OLX Pakistan, OLX Lebanon and Zameen.com; took over the Zameen.com revamp and full team.
- Primary point of contact for group companies across MENA and South Asia; weekly and monthly stakeholder reporting.

Project Manager · Love For Data — Oct 2019 – May 2021

- Built an SBP-regulated PEP and RCA screening product (KYC) from scratch on a secured local dataset and World-Check; led a team of ~30, including a 20–25-person data team.
- Deployed at State Bank of Pakistan, HBL Pakistan (built into account opening), HBL UAE (on-site bulk screening of existing accounts in Dubai), UBL and Allied Bank.

Project Manager · AN10 — Jan 2019 – Sep 2019

- Among the first hires at a new Karachi office: set up the team and wrote the charter and project documentation from scratch.
- Delivered an IoT fleet-tracking application on Orion, the parent company's middleware, to MVP in 9 months.

Associate Consultant (promoted from Implementation Consultant) · Centegy Technologies — Jun 2015 – Jul 2018

- Implemented Unilever's sales and distribution system (order-to-cash, mobile, SAP integration): helped onboard 7 more countries in Africa, incl. on-site in Kenya and Ethiopia; ran 5 country rollouts from gap analysis and UAT to go-live.
- Lead for support in Sri Lanka, Myanmar and Brunei; delivered changes for Unilever Indonesia and Malaysia; integrated new clients Shell Pakistan and GSK Pakistan.

EARLIER EXPERIENCE

Business Manager (Family Business) · Point B Consulting · Aug–Oct 2018: capacity building with a National Incubation Center for expected 5× e-commerce and logistics growth. | **Management Trainee, IT** · OBS Pakistan / Asphin Pharma · Nov 2014 – Jun 2015: organisation-wide JD Edwards (AS/400) rollout and user training.
